Ð	To	(+)	$\swarrow$	Đ	Ŷ	
Hand	Select •	Zoom In <del>•</del>	PDF Sign <del>↓</del>	Mark for Redaction +	Secure Document	•

You can protect your PDF files by signature, password, and redaction.

✓ (PDF Sign): The PDF Sign tool allows you to draw your own style signature or import an image file to create a signature, and then place it on your document. You can create a list of signatures for different use cases.

### (Try to add signature into the above box)

 $\bigcirc$  ->  $\bigcirc$ (Password Protection): You can add a password to aPDF to limit access and restrict certain features, such as printing,copying and editing.

(Redaction): The redaction tool enables secure and irrecoverable removal of sensitive, confidential or privileged text or graphics from PDF document. You are able to mark the text or graphics for redaction first, and then apply the redaction.

Home	e Edit	: Co	mment	View	Form	Protect	Portfolio	
H Layout	) Details	Cover Sheet	Preview Pane -	€ Default View↓				

PDF portfolios are a combination of files with different formats such as Word Office files, text documents and Excel files. When opening a PDF portfolio, you will see the Portfolio tab.

(Layout): show layout of files in portfolio.

|≔|

쉖

- (Details): show details of files in portfolio.
- (Cover Sheet): show cover sheet of portfolio.
- (Preview Pane): show, hide or change the layout of the preview pane.

(Default View): set default view for PDF portfolio.

## Portfolio Tab

### Sidebar

**Bookmarks Panel** is used to add, remove and manage bookmarks. Bookmarks are useful for users to mark a place in a PDF file so users can return to it with ease.

**Page Thumbnails Panel** is used to view page thumbnails and re-order PDF pages.

**Comments Panel** displays all comments in the PDF so that users can easily view and find the comments.

**PDF Layers Panel** is used to show or hide related content stored in a variable number of separate layers.

Attachments Panel is used to manage files attached to document.

Form Fields Panel is used to manage form fields.
